Software & Digital Solutions

We design, build, and manage the platforms, databases, and digital tools that help ambitious businesses grow.

25+

YEARS

200+

INTEGRATIONS

12+

INDUSTRIES

WHAT WE DO

End-to-End Digital Services

From initial strategy through to ongoing support, we provide everything your business needs to thrive digitally — all under one roof.

Custom Software

Bespoke web applications, portals, and platforms designed around how your business actually works.

Database Solutions

Custom databases, reporting dashboards, data migration, and proactive SQL Server management.

AI, Automation & Intelligent Systems

Chatbots, voice applications, workflow automation, data processing AI, and smart tools that save time and improve efficiency.

Hosting, Security & IT

Cloud hosting on AWS and Azure, enterprise-grade security, 24/7 monitoring, and managed IT services.

Digital Marketing

SEO, paid advertising, email campaigns, and conversion optimisation tied to real business outcomes.

Strategy & Consultancy

Digital roadmaps, technical audits, technology evaluation, and growth strategy from 25+ years of experience.

Payment Integration

Secure payment processing, multi-currency checkout, subscriptions, and PCI-compliant e-commerce integration.

IT Support & Managed Services

Hands-on support for servers, desktops, specialist software, CAD, engineering tools, and security.

INDUSTRY EXPERTISE

Proven Across 12+ Sectors

We bring deep sector knowledge and a tailored approach to every industry we work in.

Fashion & Retail

Beautiful, fast e-commerce platforms that help fashion brands and retailers sell more online.

Electrical Industry

Assessment platforms, career portals, and websites for trade bodies and training organisations across the UK electrical industry.

Broadcasting & Media

Interactive platforms, microsites, and streaming systems that turn viewers into participants.

Financial Services, Legal & Insurance

Enterprise-grade security, IT migration tools, and compliance-ready platforms for financial services, legal firms, and insurance companies.

Food & Supply Chain

Producer management systems, supply chain tracking, and data solutions for food production and distribution businesses.

Recruitment & HR

CRM systems, candidate matching, job portals, and workflow automation that help you place candidates faster.

Market Research

Participant recruitment platforms, survey tools, and research management systems built for market research companies.

Education & Training

Learning platforms, student management systems, and educational technology that helps institutions deliver better outcomes.

Healthcare

Patient portals, appointment systems, and secure data management platforms built for healthcare providers.

Hotels & Property

Booking systems, property portals, and guest management platforms for hotels and property businesses.

Arts & Culture

Gallery websites, online viewing rooms, and content management for arts organisations.

Charities & Non-Profits

Donation platforms, membership portals, grant application systems, and campaign tools for non-profit organisations.

OUR WORK

	Nationwide producer system for free-range and organic egg production monitoring.

JIB	**JIB / ECS Card**
	Website, systems, and mobile apps for the electrotechnical industry governing body.

WHY EPLATFORMS

Why Businesses Choose Us

Platform Independent
We recommend what's right — no bias, no vendor lock-in, no agenda.

Results First
We measure success by your results, not ours.

Long-Term Partners
Most clients have been with us for years, not months.

Straight Talk
No jargon, no overselling, no hidden costs.

Ready to Start?

Whether you need a new platform, a database overhaul, or ongoing IT support — we're here to help.
